

# Hate You, I Love You

ARZ

Shit (Nastylgia)  
How you do me like that?  
If I take you in I won't do you like that  
I'm too conscious, on a 2Pac ting  
So cherish my love or you won't get it back  
You take your jewels, you won't get it back  
Laughing and joking with you was warm  
Time went cold and I can't get it back

I hate you, I love you, I hate you again  
We fucked so good but I'll snake you again  
Being wavy my daily event  
Chatting other girls, daily offense  
My ex girl can't play me again  
My heart beating, but lately it's dead  
Picking up pieces intestines grieving  
That's two reasons to play with the pen  
All the shit that I been through, it made me a man  
I don't have a plan, I just look at my wrist  
444 right now being guided, just to remind me I know what it is  
Need a matching whip with E-Man and Trav  
Both blacked-out, both need tints  
Two brown-skins and they both blacked out  
Chanel on her head and her Black Cat kicks  
I hate this shit, I'm going insane  
But it feels so nice when you say my name  
Hurt, trapped, left lonely  
I said I need time, but she think it's the fame  
She think it's the hood fame  
Your mind good and you know you got a good frame  
Let's take pics, put them in a good frame  
Wish we could go way back to the good days  
Fuck Dior, put my kid in LV  
The status I got with your mums ain't healthy  
I'll be there, all you gotta do is bell me  
Playing Bel Cobain cah that shit help me (It help me)  
Shit, an eye for an eye, ain't nowhere healthy  
Jordan hoodie, I'm moving stealthy  
Racks to my name, but I still need help, B

Shit, hmm  
I love you, I hate you, I love you again (I love you again for real)  
I miss you, but I won't cuff you again (You know that I miss you)  
I love you, I hate you, I love you again (I love you forever, though)  
You're good for my heart but bad for the head

Shit (Shit) hmm  
I love you, I hate you, I love you again (You know what it is)  
Shit  
I miss you, but I won't cuff you again (You know what it is, trust me)  
I love you, I hate you, I love you again (Yo, listen, it's A)  
You're good for my heart but bad for the head

Be the Harley Quinn to my Joker  
Roll with me on one dark night (Skrrrr)  
I'll be the super man and provide  
If I'm giving the effort, you gotta abide (You gotta abide)

Why you wearing a maxi (Why?)  
We both know it gon' rise (Ahh)  
Do you want some attention?  
Do you confide in the guys in your likes?  
Love and hate, contradiction  
Raise my voice, you don't wanna listen  
Told my jeweller I need it to glisten  
Fuck fake niggas, he a prick, dismiss him  
I need me a crib, take a peek at listings (I need me a mortgage)  
Shit  
Find peace in drugs, pray I don't get addicted  
Maybe it's too late, way too gifted

Shit, hmm  
I love you, I hate you, I love you again (I love you again for real)  
Shit  
I miss you, but I won't cuff you again (You know that I miss you)  
I love you, I hate you, I love you again (I love you forever, though)  
You're good for my heart but bad for the head

Shit (Shit) hmm  
I love you, I hate you, I love you again (You know what it is)
