

Lickback

ARZ

Set boundaries I can't swing back, I know shawty wants her lick back

We coulda done resorts and wrist bands but girl you messed up
Stay prepared shawty, don't be scared 'bout where we'll end up
Don't give up that pussy, I'll defend us, surrender
White flagging, we sharing the spliff, straight white ashing
Book your nail appointment, I like them long and ratchet
These gyal are over saturated but you got some balance
These girls do the most, but you don't seem to follow fashion

She don't understand a lot but likes to play it rough
I'm used to playing games, I told her I can call your bluff
And when she started lying bro I thought I had enough
She try play me like a fool, I had to get my lick back
And she try ask me for break whilst I was eating Kit-Kat
I shrugged my shoulders nod and said remember to take your things back
I told her girl I couldn't give a fuck, jus make it quick
I got a plan a life to live, I said you you make sick

I went and told her don't, don't don't, don't don't, don't cry
I looked and I said oh, oh, oh oh, I said oh oh, why
And this is why wanna leave her
She got me stressing like I got a fever, fever
I went and told her don't, don't don't, don't don't, don't cry
(I said, I said don't cry)

It's cool, take my lead, I hope you give and don't take from me
We argue then we fucking, I think this girl's made for me
Hennessy and sage, we're on another frequency
How's it mind over matter when you're on my mind frequently
Milkshake Oreo, she know my portfoliand Romeo
Hold me close, girl, let's do it over, we can't overdose
And if you're home alone, I'll be your plus one, no one knows

I can be your plus one, shit I need a plus two
If you make me feel like you deserve it, I might want you
Gotta go rethink back when you didn't even want me
And now I gotta let her know that you ain't won't be the one bo
o

I went and told her don't, don't don't, don't don't, don't cry
I looked and I said oh, oh, oh oh, I said oh oh, why
And this is why wanna leave her
She got me stressing like I got a fever, fever
I went and told her don't, don't don't, don't don't, don't cry
