

Losing My Mind

ARZ

I'm losing my mind
I'm losing the will to live this time
I'm losing my mind, yeah
I'm losing the will to live this time
Yeah, look

It's like, I ain't seen mum in a while
I can't lie that fucks with me
Living alone like that half of time
So, being lonely ain't nothing to me
I miss you mum, just comfort me
These girls wanna fuck on me
God protect me, she drop to her knees
These people don't know a lot about me
Look, music dedicated
Cali' bud, self-medicated (I'm smokin')
Bare Bs that I dated
Just cause stress, pain, and hatred
Show me signs, you get relegated (You're gone)
Sick and tired, I ain't do no favours
I don't know if I got attachment issues
'Cause ma left me at young age
But, I know that you done what can (You did)
You raised to me to be man
But, I feel like when you left everything got worse
I'm scraping facts
About social, I'm antisocial
Overall, I'm emotional
I'm sorry that you're my coping tool
I ain't done yet 'cause there's more to do (Ayy, look)

I'm losing my mind
I'm losing the will to live this time
I'm losing my mind (Yeah)
I'm losing the will to live this time

She's so egoistic
I could've beat two sisters, I'm tryna keep my sanity
I gotta keep my distance, I gotta keep my image
She's so inconsistent
I ain't spoke no one in a minute
So, how the blog page know my business?
Sometimes, I feel bipolar, but, I charge that to the drugs and women (Charge it)
Shout out to my siblings (Real ones)
I don't know why these girls wanna fuck me and then play victim (I don't know)
I never did fit in
Love that you get from me be different
I make it hard on myself
I do wanna see you winning
I know that you went hard for me girl
But recently

I'm losing my mind
I'm losing the will to live this time
Yeah, it's like

I'm losing my mind (Yeah)
I'm losing the will to live this time

I'm losing my mind
I'm losing the will to live this time
Yeah
I'm losing my mind
I'm losing the will to live this time
