You snuff me like, oh, we gonna fight now
Bet your body got curves in a nightgown
There's other girls but I tell 'em all, "Back down"
You ain't them, they ain't you, you're mine now
Like juicy, I got you bussin'
And the things that I do, yeah, you can't hack
And consider me lucky
'Cause this girl so perfect, I liked that, broke down

Know I broke it again
I done that once and I'll fuck her again
We make love, then we're making amends
Sex all good, she be tellin' her friends, uh
And I'm in it again
This girl too bad, she a ten out of ten
Like true, say that she's sweet and humble
Like she a real figure for them

Sex so amazing, one kid won't hurt
Lingerie London. off-key my shirt
Let me show you the perks
Fuck your ex and fuck how you were
I'm here for the best, man, fuck what you heard
Girl so bad, she the baddest on earth
Anyone else, nah, man, they're worse

Like I don't really wanna play no games
Trust me when I say I mean it
I been deep in my crib talkin' feelings
Tryna beat it, but really I'm feeling
Stylish tease, tell you what now
You want me, not just the cock now
Been tryna get money a lot now
You know you're good, I can't hold no foot down

(So won't you say my name, say my name?
If you claim you want me, it ain't no game
You actin' kinda shady
You ain't even calling me baby, oh
Boy, you can go, stop playing games
Playing games)

My bad B nightly, let's cut hashish
Any problems, then you call me
My bad B classy, there ain't nothing in the world that we can't reach
Bad girl, she a freaky
Rude one, meanie, in the club as it gets teasy
But I gotta keep it PG
When we first met, I just smiled like I know that you see me

You came through lookin' penger than peng
Straight at you, I didn't notice your friends
At yours or mine, it depends
Snapchat, Main Stories, still no regret, uh
