I ain't been intimate since me and you been intimate

Play with nookie like guitar strings  
I ain't even laughing  
They can't water down our ting  
I make that girls hearts spin  
Them other niggas can't hit  
I heard she she used to bartend  
Heart to heart conversations in the sky garden  
Your eyes got a different kinda sparkle in them  
Get you the jet black wig down cant argue with her  
She like your so mature I said it comes after hurt  
We been going at it all day but ill see you after work  
I'm tryna search for the words  
That I really mean  
Getting ready with her girls and she's playing me  
Girl you look sexy  
Do you get me  
Blowing Cali weed and talking love that's my element

Neighbourhood hero  
I'm respected in my residence  
Her legs separate  
Important you got etiquette  
When I'm doing shows already know you got entry in  
If I don't hit you in the moment know I'm working harder  
Make her heart spin I make heart beat faster  
A nigga still clean cut before the Mix and master  
Girl I'm tryna eat in east London no benihana  
Shit she tryna do the most and make me baby father

I play with that woman like an instrument  
I ain't been intimate since me and you been intimate  
Heard you got a sweet tooth, I can be your insulin
