

## Die Contrary

As Cities Burn

We came into this world as one  
Now something has broke us in two

The heart will lead the mind will follow  
The heart will lead the mind will follow  
There's a way that seems right

I can't see  
It's so bright, so bright  
So bright I can't see you  
It's so bright, so bright  
So bright I can't see me

I don't want to die this way  
Why don't you give me another chance?  
Give me a hand, help me onto my feet  
I need this every day  
I need thee every hour  
I need you at my darkest  
Cause I don't want to die this way

The heart will lead the mind will follow  
The heart will lead the mind will follow  
There's a way that seems right  
There's a way that seems right

I can't see  
It's so bright, so bright  
So bright I can't see you  
It's so bright, so bright  
So bright I can't see me

No not yet  
No star don't die yet  
You're the only sun  
No not yet  
No star don't die yet  
You're the only sun  
You're the one to us

Shine shine on us  
Right through us  
Won't you white out  
What's dark dark crimson  
Shine shine on us  
Right through us  
Won't you white out  
What's dark dark crimson
