

## Do You Remember

As December Falls

I'll take your hopes and all your dreams  
I'll make them seem like so much more than they could ever be  
Do you remember what we used to say?  
Back then it was more than just play

And we don't have to stay, and we could run away  
We could be more than this, I'll make damn sure of it  
It's not enough to say, I like you anyway  
We've got a while and you can feel it in your heart  
You gotta feel it in your heart

When I'm here, all I hear is [?]  
But we broke away and found our own home  
Do you remember we were so in love?  
We could never get enough

And we don't have to stay, and we could run away  
We could be more than this, I'll make damn sure of it  
It's not enough to say, I like you anyway  
We've got a while and you can feel it in your heart  
You gotta feel it in your heart

Do you remember what we used to say? Back then it was more than  
just play  
Do you remember we were so in love?  
We could never get enough

But we don't have to stay, and we could run away  
We could be more than this, I'll make damn sure of it  
It's not enough to say, I like you anyway  
We've got a while and you can feel it in your heart  
You gotta feel it in your heart

But we don't have to stay, and we could run away (You gotta fee  
l it in your heart)  
It's not enough to say, I like you anyway  
You gotta feel it in your heart
