

# Everything You Say

As December Falls

'Cause your smile  
Says you got it all together but you're broke on the inside

And wouldn't you like to be the one who's there  
And wouldn't you like to be anything at all  
And when it gets down to it  
You're quick to throw the blame  
And when it gets down to it  
You'll hide behind your shame

'Cause your smile  
Says you got it all together but you're broke on the inside  
And every word I'm saving  
Everything you say, everything you do  
Everything you say, everything you do  
Everything I say came from you

And don't you think it's funny how these things play out?  
How I'm always the one who's hurting?  
And when it gets down to it  
I won't hide, I'll take my turn  
And when it gets down to it  
Don't you know you gotta live to learn?

'Cause your smile  
Says you got it all together but you're broke on the inside  
And every word I'm saving  
Everything you say, everything you do  
Everything you say, everything you do  
Everything I say came from you

And you'll take me down in the winter  
But you'll play my games in the sun  
And you'll take...

'Cause your smile  
Says you got it all together but you're broke on the inside  
And every word I'm saving  
Everything you say, everything you do  
Everything you say, everything you do  
Everything you say, everything you do  
Everything I say came from you
