

H.N.A.

As December Falls

It takes a certain kind of savior
And I could be yours and I could save ya
But you gotta help me out
I don't wanna let you down

And I think that once we figure out the next lie
We might make it (we might make it)
Yeah might make it (we might make it)

I'm not alright, I'm not okay
Why do I make the same mistakes?
When you don't care, 'cause you don't know
And you say you loved me so
Happily never after
Happily never after

As much as I hate this part
I've gotta play it safe, I gotta play it smart
We're wearing paper-thin
All it takes is a drop of the pin

And I think for once we figure out the next part
We're just gonna break it (just gonna break it)
Just gonna break it (just gonna break it)

I'm not alright, I'm not okay
Why do I make the same mistakes?
When you don't care, 'cause you don't know
And you say you loved me so
Happily never after
Happily never after

And I think once we figure out the next lie
We might make it, we might make it
And I think once we figure out the next part
We're just gonna break it, but I wanna make it

It takes a certain kind of savior
And I could be yours and I could save ya
But you gotta help me out
I don't wanna let you down

I'm not alright, I'm not okay
Why do I make the same mistakes?
When you don't care, 'cause you don't know
And you say you loved me so
Happily never after
Happily never after

And I think once we figure out the next part
We're just gonna break it, but I wanna make it
