

One More Night

As December Falls

Sometimes I really hate myself, for letting you affect me this way
I gotta push it down, Cause I still want you around
And this just makes it difficult, to carry on
To carry on with the same shit that happens everyday
To see you and act like everything's okay. When it's not okay.
It doesn't feel alright. It's not okay. It's never gonna be alright

One more night, can't you stay?
Will you chase the ghosts away?
Cause I know I'll be just fine, with you by my side
One more night, can't you stay?
Will you chase the ghosts away?
Cause I know I'll be just fine with you by my side

Everytime I think of the words you said that night and all those other days
I gotta push it down cause I still want you around
Your voice it's resounding, it's always going on. It's going on and on and on
You're not what I want, you are what I need
This isn't what I want, This is what I need

One more night, can't you stay?
Will you chase the ghosts away?
Cause I know I'll be just fine, with you by my side
One more night, can't you stay?
Will you chase the ghosts away?
Cause I know I'll be just fine with you by my side

You left you wanted something else. But it's not what I wanted
You came back because you needed help
But it's what I've always needed

One more night can't you stay?
Will you chase the ghosts away?

One more night, can't you stay?
Will you chase the ghosts away?
Cause I know I'll be just fine, with you by my side
One more night, can't you stay?
Will you chase the ghosts away?
Cause I know I'll be just fine with you by my side
