

Zombie

As December Falls

I really wanted to help you
I really want to help you out this time
I just wanted you to be free
From everything that hurts inside

Cause I'm not afraid
I've got tricks up my sleeve
And I just can't help it
When you're acting like a zombie

Such a nice, such a nice little zombie
Never do anything that would hurt me
Such a nice, such a nice little zombie
Do you want to be friends?

Do you feel let down, pushed around?
You got no one to blame, you're just the same
And when it all comes falling down
I know you'll be begging me to pull you through

Let down, pushed around
You got no one to blame, you're just the same
When it all comes falling down
I know you'll be begging me to pull you through

You looked so [?]
I never thought that I would see you this way
And then you backed off and threw it away
You said you didn't need me tomorrow or today (today)

But I'm the good kind to hammer with
For helping hands who let you in
And believe me when I say
That there is nothing over here but good intentions

Do you feel let down, pushed around?
You got no one to blame, you're just the same
And when it all comes falling down
I know you'll be begging me to pull you through

Let down, pushed around
You got no one to blame, you're just the same
When it all comes falling down
I know you'll be begging me to pull you through (pull you through)

Such a nice, such a nice little zombie
Never do anything that would hurt me
Such a nice, such a nice little zombie
Never do anything

Such a nice, such a nice little zombie
Never do anything that would hurt me
Such a nice, such a nice little zombie
That's when you come running back to me!

Do you feel let down, pushed around?
You got no one to blame, you're just the same

And when it all comes falling down
I know you'll be begging me to pull you through

Let down, pushed around
You got no one to blame, you're just the same
When it all comes falling down
I know you'll be begging me to pull you through
