

Born With a Silver Spoon Up Your Ass

As Friends Rust

Your secret is safe with everybody.

"Good", I said, "Because I don't want nobody else to know."

(Note that double-negative.)

Tell me how it feels to like yourself because I don't know.

But I've read a lot about it.

He who be flashing dey ice gon' get sliced, right ?

So keep them chains out my visual frame.

Because we don't want nobody coming around here smiling

When you know damn well we got nothing to smile about.

Don't think I'm sleeping while you're rolling in your riches.

Don't think cross-town we're not plotting your demise.
