

The Question, The Answer

As It Is

Is it all just a beautiful nightmare, am I nothing more
Will I sink the bottom of nowhere or I the shore
Holding on is a question unanswered one I can't ignore
Is it all just a beautiful nightmare, am I nothing more

Show me how it ends, will I still be scared to live
Show me how it ends, for us, for us, for us

Is it also a beautiful nightmare, on the other side
Will I send my breath to a lost prayer, will it change my mind
Should I follow a chorus of voices, or a gentle voice
It it also a beautiful nightmare, on the other side

Show me how it ends, will I still be scared to live
Show me how it ends, in the ground, or in the clouds
Is there anywhere, can she find me there?
Show me how it ends, for us, for us, for us

Say goodnight, tired eyes
Say goodnight, one last time

Show me how it ends, will I still be scared to live
Show me how it ends, in the ground, or in the clouds
Is there anywhere, can she find me there?
Show me how it ends, for us, for us, for us
