

## Fallen

### As The Structure Fails

When the pressure is building from the pain  
This night won't end  
So I die awake  
Dream in violence  
Condemned, scorn the eyeless  
With a torment that never seems to fade

I won't delay  
It's too late to save me cause I'm  
Falling, falling  
It's fallen on me  
Carry the pain  
It's too late to save me cause I'm  
Falling, falling  
It's fallen on me

Heretic  
Heretic  
The pages are running out  
Heretic  
I'm losing it  
The gallows they follow me down this road

When the pressure is building from the pain  
This night won't end  
So I die awake  
Dream in violence  
Condemned, scorn the eyeless  
With a torment that never seems to fade

I won't delay  
It's too late to save me cause I'm  
Falling, falling  
It's fallen on me  
Carry the pain  
It's too late to save me cause I'm  
Falling, falling  
It's fallen on me
