

# Mayana

Aşa

Let's stowaway  
In the night when the light's out  
Let's go away  
To an Island far away

You and I  
We will live here together  
You and me, my forever  
Ayai, ayai, ayai, ya  
Plenty fish and banana  
I will be your mayana  
Ayai, ayai, ayai, ya

Nothing but our love  
Nothing but our love  
Nothing but the smile on our face 'cos we know say  
Nothing but our love  
Nothing but our love  
Nothing but the love wey we get 'cos we know say

They'll never make it, ah-ah  
Yeah, them say, yeah, them say  
But our love will never fail  
Dem shame, dem shame

We will live here together  
You and me, my forever  
Ayai, ayai, ayai, ya  
Plenty fish and banana  
I will be your mayana  
Ayai, ayai, ayai, ya

Nothing but our love  
Nothing but our love  
Nothing but the smile on our face 'cos we know say  
Nothing but our love  
Nothing but our love  
Nothing but the love wey we get 'cos we know say

(Nothing but our love)  
(Nothing but our love)  
(Nothing but our love)

Nothing but our love  
Nothing but our love  
Nothing but the love wey we get 'cos we know say
