

Ocean

Aşa

I know you're too cool for this
I know you're too big for this
Tell me where you wanna be
I know where you wanna be

Hope it's not too good for you
I hope I'm not too much for you
I know where I wanna be
Why won't you just let me in

Maybe I move too fast
Before we go too far
Maybe we take it slow

Don't wanna make you sad
Don't wanna make you mad
I'll never hit below

For you are the ocean (Yelele Ye le Ye le)
You are the ocean
Boy you are the ocean (Yelele Ye le Ye le)
You are the ocean (Yelele Ye le ye le)

I want you to know
Thought you should know
I want you to know

Oh boy, you got the soul and the flow
And I know that we don't live without it
Need no definition oh oh oh
I just want you close to me now

You are the ocean (Yelele Ye le Ye le)
You are the ocean
Boy you are the ocean (Yelele Ye le Ye le)
You are the ocean

(Boy boy oh boy you are)
Hey hey you are
I want you to know (You are you are the ocean)
Thought you should know (You are the ooooooh)
I want you to know (You are the ocean)
Thought you should know
(Nothing I won't do for you, nowhere I won't go for you)
I want you to know
(Nothing I won't do for you, nowhere I won't go for you)
Thought you should know
(Nothing I won't do for you, nowhere I won't go for you)
I want you to know
(Nothing I won't do for you, nowhere I won't go for you)
Thought you should know

Baby you move too fast
Before we go too far (I want you to know)
(Thought you should know)
Oh boy you got the soul and the flow
(I want you to know)

(Thought you should know)
