

# The Beginning

Asa

One of us must have a last say  
Words like dagger, we try to hurt each other  
There's no other way until one surrenders  
We've been like this for days  
We've been like this for days

So when you said goodbye  
With a smile on your face  
I thought it was as usual  
You'll be gone just for a little while

I didn't see it coming  
Won't believe if someone told me  
That I've been waiting for years  
Been waiting for years

Even though we're near  
Like we're far away  
Far far far away  
Can you hear me  
Can you hear me  
Can you hear me  
Let's go back to the beginning

None of us must have a last say  
I'm writing you this letter  
Hoping we can make things clearer  
Over all the shouting  
We forget to hear each other  
And I missed you for days  
In so many ways

Even though we're near  
Like we're far away  
Far far far away  
Can you hear me  
Can you hear me  
Can you hear me  
Let's go back to the beginning

(To the beginning)  
You and me  
Let's go back to the beginning  
(To the beginning)  
You and me  
(To the beginning)  
(To the beginning)  
You and me  
(To the beginning)  
You and me...

Let's go back to the beginning
