

(Tune into the king of sounds and blues)
(Ọlọlade mi, Aṣakẹ)

Make nobody stress me, I'm on a wave right now
When I get marijuana, na to flex, na to chill right now
I do my thing my way, I dey hold my side
Emi lèèyàn Balotelli, we dey ball, it's a normal thing

Wosa!
Şo ma sọ pe o ja
Agidi no be power
Na wisdom dey make you dey gara (gara, gara)

Şo n ka?
Ọmọ lile ti o sa
Sometimes, I dey feel like Burna
In my head e dey be like gbana

Uh, I was on the field sellin' class A to the fiend
I was never playing for the under 18's
Now it's 18-karat, that's another AP
Eight cribs to my name, and a couple AMG's

Send your allocation, put your addy in my navigation
She a baddie, got my validation
Say your body need examination
Say you want vacation, then, we ain't goin' Afro Nation

I'd rather fly you out to Naija, put you on a flight
Knowin' you, probably try and argue in the sky
Bae, I'd rather lie than see you cry
We can start a family, but you don't trust men, you had no father in your life

More money, less clout
The vibe ain't right, I told my brother, "Let's cut"
Good karma keep comin' in clutch
They never hit me up when I was down with no luck
But now I'm up, so

Make nobody stress me, I'm on a wave right now (alright) (wave right now)
When I get marijuana, na to flex, na to chill right now (chill right now)
I do my thing my way, I dey hold my side (hold my side)
Emi lèèyàn Balotelli, we dey ball, it's a normal thing (normal thing)

Wosa!
Şo ma sọ pe o ja
Agidi no be power
Na wisdom dey make you dey gara (gara, gara)

Şo n ka?
Ọmọ lile ti o sa
Sometimes, I dey feel like Burna
In my head e dey be like gbana

Para dey my body, make no body whine me
Toripe mo sọji (mo sọji), I need more money

Ki n jaiye mi tan Germany
Ki n dẹ tọju mommy

Good energy is all I need
Mi o fẹ wèrè pattern
Ọmọ yi, ara n kami
Wo-wo, you can bank on me
Every song is a banger ni
'Til eternity, 'til eternity

Everything, ẹ na vanity?
I pull body join for my sanity
Ekelebe see calamity
They say I'm breaking law of the gravity

Ja mi si, o dẹ ja mi si
You see design, see the signs, no be lie, no be salary
Real one, no be parody
Lagos no be Nairobi
Emi o kọ karaoke

Know they're prayin' on my downfall, but I'm up still
Somebody gotta find that other opp still
They thought that it was juju', but it was God's will
Kid's listen to me, taking it for gospel

They're prayin' on my downfall, but I'm up still
Somebody gotta find that other opp still
They thought that it was juju', but it was God's will
They're prayin' on my- (they're prayin' on my, they're praying on my...)
