

For Me?

Asal

You look so
So pretty in that dress, yeah
You ain't say much, but your eyes told me the rest
Under these lights, oh you look pretty in that dress

Won't you lose that shit for me? Yeah, lose that shit for me
Oh, I heard you, say you love me, now come prove that shit to me
(Yea-yeah)

Would you do that shit for me? Cut off, cut off all your friends

Call on me, nobody else, you look pretty in that dress, yeah
Won't you lose that shit for me? Yeah, lose that shit for me
Oh, I heard you, say you love me now come prove that shit to me
(Yea-yeah)

Would you do that shit for me? Cut off, cut off all your friends

Call on me, nobody else, you look pretty in that dress, yeah

Ah, yeah, I know you wanna
You wanna be one on one
'Cause you know that I'm one-of-one, ah, yeah
Then that makes us three (Makes us three)
You, me, and this drink, come here, let me set you free, yeah
Fall in, and fall outta love, before the sun even up, yeah, yeah
h
Baby, you way too polite, wanna see your other side, yeah, yeah
, uh
Ain't that deep, lose that act, know you ain't that sweet, yeah
, yeah
Know you got demons in you, let them speak, speak

You ain't say much, but your eyes told me the rest (Oh, baby)
Under these lights, oh you look pretty in that dress

Won't you lose that shit for me? Yeah, lose that shit for me
Oh, I heard you, say you love me, now come prove that shit to me
(Yea-yeah)

Would you do that shit for me? Cut off, cut off all your friends
