

# Headache

Asal

Never felt something like this  
Wanna tattoo your kiss on my lips  
Got me good when you walked in  
Got me good the way that you walked in

I didn't listen to my homies  
'Cause they didn't want you around me  
I cut 'em all off one by one  
I know you are the only one I need  
Her hand is hiding where her blade is  
But I see nothing but a red dress  
Runnin' up to rob me blind  
I know it'll hurt but I'll be fine

I-I-I don't know where my head is  
Something's missing in my chest, I think I need a medic  
I've been looking for a flaw in you, I don't really get it  
You don't even know you're flawless, it's giving me a headache  
I-I don't know where my head is  
Wanna give it all even though I'ma regret it in the morning  
Yeah, I know you warned me, but how could I resist you?  
You got me floating, yeah

Ever since I've seen your face  
My innocence's done, left this place  
You know you got me good when you walked in  
Got me good the way that you walked in  
Never felt something like this  
Wanna tattoo your kiss on my lips  
You know you got me good when you walked in  
Got me good the way that you walked in  
(You know you got me good the way that you walked in)

You got me right where you wanted  
I can't tell a wrong from right if I'm honest  
I don't care 'bout that right now  
You're all I got on my mind  
And I heard all the stories about you  
So, I know you could never keep a promise  
I don't care 'bout that right now  
You're all I got on my mind

I-I-I don't know where my head is  
Something's missing in my chest, I think I need a medic  
I've been looking for a flaw in you, I don't really get it  
You don't even know you're flawless, it's giving me a headache  
I-I don't know where my head is

Yeah, I know you warned me, but how could I resist you?  
You got me floating

My innocence's done, left this place  
You know you got me good when you walked in  
Got me good the way that you walked in  
Never felt something like this
