

## How Bad

Asal

Said I can tell you really love me  
'Cause you never learned a lesson  
I let you down and all you do is  
Sit there reminiscing  
You hold on to the me who's world you used to own and spin  
Don't hold on too tight the wires gonna burn your skin

You say you're so good at acting bad  
I don't even know the true you  
I can't really see through you  
That's something you gotta get used to

I know that you want it show me  
How, how, how, bad  
How, how, how bad  
How, how, how about  
We run from the party, baby  
Run, run, outside  
Act, act, act, out  
Act, act, act, bad  
I know that you want it show me  
How, how, how bad  
How, how, how bad  
How, how, how about  
We run from the party, baby  
Run, run outside  
Act, act, act out  
Act, act, act bad

I can tell you really love me, baby  
I know you try but you ain't gonna save me  
I don't know what the fuck you heard about me  
That's making you think you're everything that I need  
No, I don't know what the fuck they said  
But it's probably true  
And if one of us bleeds  
Then it's probably you

You say you're so good at acting bad  
I don't even know the true you  
I can't really see through you  
That's something you gotta get used to

I know that you want it show me  
How, how, how, bad  
How, how, how bad  
How, how, how about  
We run from the party, baby  
Run, run, outside  
Act, act, act, out  
Act, act, act, bad  
I know that you want it show me  
How, how, how bad  
How, how, how bad  
How, how, how about  
We run from the party, baby  
Run, run outside

Act, act, act out  
Act, act, act bad
