

Lie

Asal

I don't want no strings, tryna have a good time (Strings)
Huh, don't tell me those three words
Tryna ruin my night (Tryna ruin my night), yeah (Night)

Saying that you love me, that you're feeling something
You tell me I'm the one, but I've given you nothing, no
You asked me twice and I told you both times

Don't make me lie, lie
Don't make me lie, lie
Don't wanna see you cry
Don't give me those eyes
Tryna read my mind (Yeah)
Don't make me lie, lie

Keep up all your walls and your guard
Don't you let them down, down, down
I don't give a fuck who you're with when I'm not around
Ah-ah-aah, aah-aah

Stop saying that you love me, that you're feeling something
You tell me I'm the one, but I've given you nothing, no
You asked me twice and I told you both times (And I told you both times)

Don't make me lie, lie
Don't make me lie, lie
Don't wanna see you cry
Don't give me those eyes
Tryna read my mind (Yeah)
Don't make me lie, lie

(Don't make me, don't make me, no, no)
Don't make me
(Don't make me, don't make me, no, no)
Don't make me lie, lie
I don't wanna make you cry
