

Lifeless

Asal

I just wanna get get get home
I just wanna get get get home
I just wanna

I been driving on the left lane
With no plan and with no guide and destination
You told me you needed space
But I miss your fucking face
Yea
I just pulled up to your driveway
Don't know how I got here
Saw you ain't alone
Can't believe my fucking eyes
Now I'm speeding down the highway cause I just wanna get home
Yea
I just wanna get home
All my friends are wilding
Posted at the party
They just keep on calling
I put my phone on silent
Like I know it's a Friday but I just wanna stay home
Yea
I just wanna stay home
Planning on laying lifeless
Before the sun rises
My wrist gon play the victim to all of my violence
I hope that when my eyelids close I can get home
Yea
Can you tell me how to get home?
