Ice, ice, ice  
Shine so hard baby you could go blind  
I don't need love, lil baby I'm fine  
Said I'm so damn high lil baby I'm flying  
I'm flying up  
High, high, high  
Don't need love lil baby I'm fine

Baby, who needs love?

I don't need that shit, yeah  
Fuck man I gotta leave that bitch  
She be calling up my phone

Ima mind my business  
Too damn high someone tell me what time it is, please  
Ice so cold you could freeze

All I need is a foreign bitch  
From a foreign place  
Hop in my foreign whip  
So we could go to space and we can fuck this place up  
Baby, who needs fucking love?  
All I need is a couple chicks  
And a couple checks  
Some illegal meds so we can get fucked up and we can fuck this place up baby
