

# Hectic

ASAP Ferg

Ayo, I got one question for you  
I don't care if you're white  
I don't care if you're black (One, two, ooh)  
Who's side you on? (Oh)

Wrote this while I was in quarantine  
From the hood, I'm used to horrid things  
Back to the basic, no diamond rings  
Just you and God when the drama rings  
Street clear, no sirens  
It's a war goin' on, just stay clean (Wipe that shit down)  
No Corona, just Heineken  
What ever happened to American Dream?  
What ever happened to the car life?  
And the star life and the heaven it bring?  
When it all goes down, that's down the drain  
Give it to the most high, He devour pain  
Hard for a rapper to say these things (Yeah)  
Spray these things, left 'em in the Maybelline (Ooh)  
I let my lyrics heal the pandemic 'til it's finished  
TGUT, let the angels sing

Ayo, turn this up  
Y'all mothafuckers have left us no choice  
We have exhausted all options  
(This ain't the time to be scared)  
You've left us with nothing else to do (Strength 'em up)  
But to fight back  
By any means motherfuckin' necessary  
(And make sure you strap up just in case it get-)

As we proceed (Get hectic)  
To give you what you need (Get hectic)  
We are (Get hectic)  
God's children (Get hectic)

We built waves up in the water, huh (Get hectic)  
Know one day he gon' call us, huh (Get hectic)  
Took my team to Angola, huh (Get hectic)  
I got queens and their dollar, huh (Get hectic)  
We can't breathe, no ventilation, huh (Get hectic)  
They act racist to our faces, huh (Get hectic)  
Feel oppressed and won't say shit, huh (Get hectic)  
Am I silent? Audacious (Get hectic)  
I lost battles for my peace (Get hectic)  
Take those shackles off our feet (Get hectic)  
And we got diamonds in our teeth (Get hectic)  
But we're still a nigga to the police (Get hectic)  
And while they savage all week (Let's go)  
Shit get havoc and they talkin' 'bout peace  
Treat us like a dog on a long leash  
Geez

Diamond, diamond on my necklace (Get hectic)  
Why do we seem to act so reckless? (Get hectic)  
Bust down on my ring (Get hectic)  
Crowdsurf, moshpit, mmm (Get hectic)

Diamond, diamond on my necklace (Get hectic)  
Why do we seem to act so reckless? (Get hectic)  
Bust down on my ring (Get hectic)  
Crowdsurf, moshpit, mmm (Get hectic)

You gotta do what you gotta do (Get hectic)  
To preserve yourself (Get hectic)  
One of the fundamental things in life (Get hectic)  
Is self-preservation (Get hectic)  
You know? (Get hectic)  
Feelin' like shit's about to get hectic (Get hectic)  
(Get hectic)  
(Get hectic) As I said, y'all left us no choice
