Bought me a new shovel (bought me a new shovel)

Put these niggas in the dirt (put these niggas in the dirt)

Chain with the new bezel (bought me some new bezels)

Woof! Woof! Woof! Ayy!

I'm on a new level

Remember when mices jumping out the frigidaire

Broke, poor, they eliminate us

Throw my people down the incinerator

Malcom X, Martin Luther (hallelujah)

Jim Crow is back at it (talkin' to ya)

Bought a gold chain (more power to ya)

Wanted more bling (but I got a Ruger)

Brown water in my system now (yea)

Henny got me in my feelings now

I'm feelin' like "fuck the system now" (yea)

Cause all they do is shoot my people down

That newer level was the ceiling now

They want to kill us with the vision now

I'll be damned if I'm killing now

I go to Sony, bring the building down

I'm on a new level (I'm on a new level)

I bought a new devil (I bought a new devil)

I still got a new shovel (I still got a new shovel)

To put you to my shoe level (put you to my shoe level)

Just know my crew rebels (know my crew rebels)

Chain with the new bezel (chain with the new bezel)

All my niggas put in work (all my niggas put in work)

Now my bars hot like a tea kettle

She ride my dick, I got two pedels

Bitch I'm hot as a match

Pull up to Diablo, that be two devils
Heard your girl was a freak
Yeah, but that's only if you let her
Pull off in my ride with the new leather

Matter of fact, you bring her, bring her
Ay, don't forget yourself too
Yeah, matter of fact, bring your whole crew
Yeah, Lil Uzi pull Lambo coupe

Bought me a new shovel (bought me a new shovel)
Put these niggas in the dirt (put these niggas in the dirt)
Chain with the new bezel (bought me some new bezels)
All my niggas put in work

On another, 'nother level now
That's shrooms, acid, drank, weed, pills
Fresh manicure, breaking down the bag
Didn't even stain my clean nails
I bet there's some killers who die for me
Catch a body on they free will
My West Coast niggas ride for me
Word to the homie G Will
Dollar sign, dollar sign, dollar sign
My crew look like an exhibition now
Mama only riding Benzes now
Traded in the Expedition now
My bitches only flying business now
My pretty face up in the Guinness now
I model Dior like I'm Christian now
Got her masturbating to my pictures now
Two front gold teeth
All I want for Christmas is peace between brothers and police
24 diamond karat gold leash on my exotic pet
Exotic car, no lease
And I designed it, back to you flooded with diamonds
Bitches they call me Your Highness
Sipping on medicine, when no coughing, no sinus
That alarm all the sirens

I'm on a new level (I'm on it, I'm on it)
I'm on a new level (I'm on it, I'm on it)
I'm on a new level (I'm on it, I'm on it)
I'm on a new level (I'm on a new level)
Bought me a new shovel (I'm on a new level)
Put these niggas in the dirt (yeah)
Chain with the new bezel (I'm on a new level)
All my niggas put in work (all my niggas put in work)
I'm on a new level (I'm on a new level)

I'm on a new level (I'm on a new level)
I'm on a new level (I'm on a new level)
I'm on a new level (I'm on a new level)
Bought me a new shovel (bought me a new shovel)
Put these niggas in the dirt (put these niggas in the dirt)
Chain with the new bezel (bought me some new bezels)
All my niggas put in work
