Marty Baller a mac
I'ma talk about things that go down in the trap
You can talk about rap, how I cooked up a flow
Watch it rock while I'm spitting this crack
Watch that Uzi go "blatt!"
Lay him flat on his back
With the pump, have an asthma attack
They ain't want to do that
When them goonies is comin'
Young niggas, they not comin' back
I'm in Philly, those my other niggas
Hundred deep, nobody fuckin' with us
Fergie here, I brought my brother with us
Nike boots on and we stompin' niggas
I'm with the Mob, those my other hittas
Let them out the zoo, they go gorilla
Harlem World got a hundred spittas
Man I'm Marty Baller, ain't nobody triller
