

## Same Problems?

ASAP Rocky

Niggas dyin' every other night  
Niggas cryin' that's a part of life  
Lyin' to my face tryin' to say  
That it's all good, no nuttin' right

Put your five fingers high to the sky  
On the stand, put it on your life  
Stand by, nigga, wrong right  
Not new to drama, nigga, all my life  
Not new to trauma, nigga, all my life  
Been duckin' karma, nigga, all my life

How many problems get solved?  
Am I a product of things that I saw?  
How many problems get solved?  
Am I a product of things in my songs?  
How many problems get solved?  
Am I a product of all of my flaws?  
How many problems get solved?  
If we don't get involved

Don't bite that hand that feed you  
I don't hear or see no evil  
Dilated like my pupils  
Mean I already peeped you  
Annihilate on my people  
Violated  
Till we tower like were skyscrapers  
Jumpin' off the porch or fire escape  
We ain't even tryin' to break it  
All black like we tryin' to break it  
This that crack all 'em Ronald Regan  
ASAP mode, I'm tired of waitin'  
Let's get it

How many problems get solved?  
Am I a product of things that I saw?

If we don't get involved

Silent night, holy night  
All is fine, try to duck and dive  
Remember ways, that's a way of life  
Remember comin' back, say, "Turn on the lights"  
Just settle down, shawty, I'm sellin' white  
Niggas cryin' and it's just the other night (Shit don't)  
Mommamas cryin', it's a part of life (Shit)  
Momma sayin' I'm a satellite (Ooh, shit don't)  
Jumpin' off the Porsche, I ain't 'fraid of heights  
I won't drop the bag even when I'm breakin' nice  
Breakin' bad, I was breakin' night, Kid Cudi, "Day 'N Nite"
