Tony Mont- Tony Mont-

Tony Montana, I keep a madonna, we speak in ebonics, the llama on me
I double my dollar, the cheddar ricotta, it's money and violence I can't avoid
I'm done with the drama, a moment of silence, as metal get silenced, the 40 on me
Switched up the climate, the ladder we climbin', add up them commas to quarter waters
Tony Montana, I keep a madonna, we speak in ebonics, the llama on me
I double my dollar, the cheddar ricotta, it's money and violence I can't avoid
I'm done with the drama, a moment of silence, as metal get silenced, the 40 on me

Fresh as the cash, we stay with the racks, you order the O they'll blast you
I had the stash, your Twelvyy's a class, you call her to talk, it's taboo
Digital dash, movin' real fast, look like a gun that might pass through
Ride and die in the stack too
It's quiet, don't try it, we pack tools (Pew)
We ridin' on Collins with lot and we cozy
Doubt it, we gotta keep heat like we posin'
Cozy boy flexin', I hopped in some Roshes
Hopped in the scene then I left like Ginobili
I could put in someone's head (Yeah)
Zero to to sixty, a couple seconds (Yeah)
Got me some chicken for finger lickin' (Yeah)
Went to the beach, caught a speeding ticket

Tony Montana, I keep a madonna, we speak in ebonics, the llama on me

Forces with no creases
Black stones in my pieces
Crack all in my briefs
Strapped up 'cause my secrets
Packed up, now we leavin'
King just left to Cleveland
Mobbin', word to Steven
Broke it down we even
Loyalty, loyalty
All the kings with loyalty, loyalty
All the kings with lawyer fees, lawyer fees

Streets ain't got no royalty, royalty

Lil' foot, big freeze on 'em
Everybody got cheese on 'em
Everybody got keys on 'em
Everybody got Gs on 'em
Might fly to Belize on 'em
Doin' shit you can't believe on 'em
Hit the sea, jetski on 'em
Hit the slope, might ski on 'em
Pack touch down, it's a good day
Prayin' every day, then it took place
Prayin' every day, yeah, it took faith
Good God, I'm ridin' and the hood straight
Duffle bag boy got two chains
Came a long way from the 2 train
Only big bag, no loose change
Know the kick game like Liu Kang

Loyalty, loyalty
All the kings with loyalty, loyalty
All the kings with lawyer fees, lawyer fees
Streets ain't got no royalty, royalty
Damn, by then you calling me, calling me
Had to give you all of me, all of me
Hey, loyalty, loyalty
All the kings with lawyer fees, lawyer fees
Damn, by then you calling me
