Yeah, Twelvyy coming for the top spot
Young nigga from a hot block that'll pop shots at your pop drop
Clear these socks still my stock pop
Used to trap like a hot spot, how could you not cop?
Seven-thirty on the dot dot
Getting flirty with a hot cop, stopped me in a drop top
See a man tryna cock block
But the nigga ain't top notch, no he can't stop Glock
I'ma mob 'til the Glocks stop, it's mobbin' 'til forever
Had to get my shit together now my niggas switched the weather
We can get that shit wherever, however, whatever
Man, my niggas do it better, put that two and two together

Yeah, woo, this my last year being broke
Let's get this money, get this money, get this money
Hah, hah, this my last year being broke
Let's smoke this 'ope and we gon' think about this money
'Bout this money yeah, this my last year being broke
Let's get this money, get this money, get this money
Hah, hah, this my last year being broke

Pockets low, fuck these hoes
Posted by the corner store
I don't know, we all gon' go
Fuck that shit, just light the dope
Shit steady on my mind
Shit I'm heavy on my grind
See my mommy need a crib
Daddy need a ride, life is do or die
Should I do a suicide?
Pockets lookin' dry, grips gets scrutinized
But fuck it I'ma win
Fuck it I'ma sin, fuck it I'ma die
Like fuck it, I'ma ride, triggers to the sky
Prick the victim, trip 'em, clip 'em, hit 'em high
This for hitters that be with them killers
That be with the bitches that be getting niggas robbed
We the illest, steady keep it trillest
Gotta free the bitches that'll creep up in ya squad
Handle business, man I handle business
I don't gamble with' it, I'ma go and get it all
