Ash

Braindead  
I'm calling you Braindead  
Braindead  
I'm calling you Braindead

God bless you, you dumb fuck  
Ain't seen a human before  
Oh man, just my luck  
Hey punk, what you staring at?  
Your reflection is drooling and your posture is bad  
Brain dead!

Braindead  
You're looking real Braindead  
Braindead  
You've gotta be Braindead

God damn, I'm outta luck  
I gotta listen to you, oh man, what the fuck?  
Someone dangerously dumb  
With a posse of numbskull knuckle-dragging scum  
Brain dead!

Hey!  
Here we go  
Here we here we here we go  
Here we go  
Here we go  
Here we here we here we go  
Here we go  
Here we go  
Here we here we here we go  
Here we go  
Here we go  
Here we here we here we here we go!  
Aaaaaghhhhhh!

God bless you, you dumb fuck  
Ain't seen a human before  
Oh man, just my luck  
Lurching through the mist you stomp  
It's about time you crawled back into your swamp  
Brain dead!
