Buzzkill

Ash

Summer's here and the summer is gone, buzzkill
Killing my fucking buzz, buzzkill

I had this shit all lined up
Then you fucking showed up, buzzkill
Killing my fucking buzz, buzzkill

My heart sinks into the deep
When you inflict yourself on me, buzzkill

Summer's here and then summer's gone, buzzkill
(Knock, knock, the summer's gone)
Killing my fucking buzz, buzzkill

I had a sweet hook up and you fucked it all up, buzzkill
(Once more, you fucked it all up)
Killing my fucking buzz, buzzkill

My heart sinks into the deep
When you inflict yourself on me
A dark cloud of jealousy
Pouring rain and misery, buzzkill

Summer's here and the summer's gone, buzzkill
(Knock, knock, the summer's gone)
Killing my fucking buzz, buzzkill
(Knock, knock, the summer's gone)
Killing my fucking buzz, buzzkill
(Knock, knock, the summer's gone)
Buzzkill (knock, knock, the summer's gone)
Buzzkill, buzzkill, buzzkill
