Free

Ash

In the pool of half-remembered dreams,
how long have I been submerged in sleep?

I wanna be free,
to run in the moonlight air,
nearly alpine air,
can't you see?

In the undertow we drag each other down.
If we don't let go we're both gonna drown.

I wanna be free.
Beneath the surface,
I'm suffocating.
Oh, I cannot breathe.

I wanna be free.
Although I love you,
this surge of energy,
needs release.

All that we will lose,
a duty bound no longer.
Once again a stranger,
you are free.

A deep fear of making a mistake,
will I ever have a chance like this again?

I need to be freed.
So, like the starling's dive,
like the swallows seek,
destiny.

Oh, I wanna be free.
Honest and reckless,
while that and fearless truth,
to this heartbeat.

In the open air,
Clear and new beginning.
Once again a stranger,
I am free.

In the open air,
A beauty bound no longer.
Once again a stranger,
I am free.

Once again a stranger, I am free.
