

Girl From Mars

Ash

A **E** **Dmaj7**
Do you remember the time I knew a Girl From Mars?
Bmi7
I don't know if you knew that
A **E** **Dmaj7**
Oh we'd stay up late playing cards Henri Winterman Cigars
Bmi7 **D**
Though she never told me her name
E **A**
I still love you Girl From Mars

D E **D** **Bmi7**
Sitting in a dreamy daze by the water's edge
D E **A**
On a cool summer's night
D E **D**
Fireflies and stars in the sky
Bmi7 **D** **E A**
Gentle glowing light From your cigarette
D E **D** **Bmi7**
The Breeze blowing softly on my face
D **E** **A**
Reminds me of something else
D E **D** **Bmi7**
Something that in my memory has been replaced
D E **Bmi7**
Suddenly all comes back
D E **A**
And as I look to the stars...

D E **Dmaj7**
I remember the time I knew a Girl From Mars
Bmi7
I don't know if you knew that

D E
Searching through the darkness
D **Bmi7**
And over the moonlit stand
D E **A**
Electricity in the air
D E **D** **Bmi7**
Twisting all through the night on the terrace
D **E** **A**
Now that the summer is here
D E **D** **Bmi7**
I know that you are almost in love with me
D E **A**
I can see it in your eyes

D E
 Strange lights shimmering
D Bmi7
 Over the sea tonight
D E Bmi7
 And it almost blows my mind
D E A
 And as I look to the stars...

 Today asleep in the chair by the window

 When I woke there was no-one there
