

# Go! Fight! Win!

Ash

Go! Fight! Win!  
Go! Fight! Win!

Oh baby no I can't take it  
Oh I'm just feeling so bad  
This pain is like an inferno burning  
And it's driving me mad  
Go! Fight! Win!  
Oh baby no I can't shake it  
Oh I'm turning over all night  
What can I do to get back into  
Condition to fight

Fortune comes around  
Here in this town  
It can keep you down  
That life has me in a grip  
I forfeit and I give it a sip  
It can happen for everyone  
It's just a matter of condition  
It always seems outrageous till it's done  
Go! Fight! Win!

Driving through I'm not on  
Locked out I'm not on  
Gonna put us both far  
This chemical it's  
Adrenaline  
It's when you know you're alive

Fortune comes around  
Here in this town  
It can keep you down  
That life has me in a grip  
I forfeit and I give it a sip  
It can happen for everyone  
It's just a matter of condition  
It always seems outrageous till it's done  
Go! Fight! Win!  
Go! Fight! Win!
