

# Hallion

Ash

What are you gawking at?  
'Sake  
You slabbering?  
Here, you owe me a tenner you wee dick  
Aye binhoker you, scundered  
Here, I'm seeing this band tonight, Ash, they're class, you wanna go?

She's a wee joyrider  
The devil hides inside her  
Wild at heart, you guessed it  
She'll get you arrested

She's a hallion  
She'd take on a whole battalion  
There she goes  
There she goes  
She's a hallion  
Got me thinking I'm a stallion  
There she goes  
There she goes

Won't you save a little love  
Save a little love for me?  
Won't you save a little love  
Save a little love for me?

Glory, Hallelujah  
When she comes on to ya  
She'll clean out your pocket  
And take off like a rocket

She's a wee hallion  
She'd take on a whole battalion  
There she goes  
There she goes  
She's a hallion  
Got me thinking I'm a stallion  
There she goes  
There she goes

Won't you save a little love  
Save a little love for me?  
Won't you save a little love  
Save a little love for me?  
Won't you save a little love  
Save a little love for me?  
Won't you save a little love  
Save a little love for me?

She's a wee hallion  
She'd take on a whole battalion  
There she goes  
There she goes  
She's a hallion  
She got me thinking I'm a stallion  
There she goes  
There she goes

There she goes
