

Here Comes the Music

Ash

Here comes the music
Here comes the music
Here comes the music
Here comes the music

For the sad and the sweet and the dreamers
For the overweight, underachievers
For the playlist and radio stations
For the housewives across the whole nation

Here comes the music
Here comes the music
Here comes the music
Here comes the music

For the sad and the sweet and the dreamers
For the overweight, underachievers
For the lost, the insane, and the sadists
The accountants, the press, and the bailiffs

For the A&R man's supervision
For the critics who failed as musicians
For the playlist and radio stations
For the housewives across the whole nation

Yeah

Yeah

For the sad and the sweet and the dreamers
For the overweight, underachievers
For the lost the insane and the sadists
The accountants the press and the bailiffs

For the A&R man's supervision
For the critics who failed as musicians
For the playlist and radio stations
For the housewives across the whole nation

Yeah

Here comes the music
Yeah
Here comes the music
Yeah
Here comes the music
