Is It True?

Ash

When your plans are laid
When your cards are played
When we know what comes
When your work is done

Is it true you have a secret
Is it true you can't keep it
Is it true you might deceive me
Is it true you're gonna leave me

Well I broke all my old rules
Broke them all for you
Now I feel like such a fool
You always keep me guessing, keep me guessing

When the card's unveiled
When the ship has sailed
When the trap is sprung
When the work is done

Is it true you have a secret
Is it true you can't keep it
Is it true you might deceive me
Is it true you're gonna leave me

Well I broke all my own rules
I broke them all for you
Now I feel like such a fool
You always keep me guessing, keep me guessing

All the hallmarks of your hand [?]
Intoxicated I was blind
Undercover [?]
A simple way into the light

Is it true you have the secret
Is it true you cannot keep it
Is it true you might deceive me
Is it true you're gonna leave me

Well I broke all my own rules
I broke them all for you
Now I feel like such a fool
What am I to do

'Cause I broke all my own rules
I broke them all for you
Now I feel like such a fool
You always keep me guessing, keep me guessing
