

Keep Dreaming

Ash

Keep dreaming
I keep dreaming of you

Keep dreaming
I keep dreaming of you
My heart's beating
I love that thing that you do

From afar, you're a star going supernova
Please don't stop
Ride or die, in my mind dancing bossanova
Please don't stop

This feels too real to deal
I'm too shy to say hi
But in my dreams, you will be mine

Keep dreaming
I keep dreaming of you
My heart's beating
I love that thing that you do

Catch a fire, my desire, light up, Tiger Lily
Please don't stop
It's a vibe, it's alive, yeah, you got me really
Please don't stop

Although we've never met
I can't live with the regret
Show me a sign you will be mine

Keep dreaming
I keep dreaming of you
A heart beating
I love that thing that you do
A heart racing
I'm star-chasing for you
So keep dreaming
I'm going crazy for you

Dreaming
Dreaming of you
Dreaming
Dreaming it's true
Heart beating
Stampeding for you
So keep dreaming
So keep dreaming

My heart's racing
I'm star-chasing for you
My mind's blazing
I'm going crazy for you
So keep dreaming
I keep dreaming of you
So keep dreaming
I love that thing that you do
