

Wasted On You

Ash

I'm wasted
I'm wasted

I'm wasted
Yeah I'm wasted on you
I'm wasted
Yeah I'm wasted on you
The devil has come
And my town has turned to shit

I'm wasted
Yeah I'm wasted on you
I'm wasted
Yeah I'm wasted on you
The devil has come
And my town has turned to shit

Can see it in your frames
Of the horrigraphic explanations
Underneath the claims
The dead and the live are saved

I'm wasted
Yeah I'm wasted on you
I'm wasted
Yeah I'm wasted on you
I'm losing my mind
And I gambled it all up to hell

I'm wasted
Yeah I'm wasted on you
I'm wasted
Oh god I'm wasted on you
I'm losing my mind
And I gambled it all up to hell

Can see it in your frames
Of the horrigraphic explanations
Underneath the claims
The dead and the live are saved

Wasted

Can see it in your frames
Of the horrigraphic explanations
Laying all the blame

Can see it in your frames
Of the horrigraphic explanations
Underneath the claims
The dead and the live are saved

Saved
Saved
Saved
