

Count On Me

Ashe

This could be our, last night together
We may never know
Long as I'm alive, you'll never be alone
You'll never have to learn
To take it on your own
I hope you die first, so you'll never know

What it's like, without somebody
To lean on

Count on me
And I'll be there
Whenever you call me, oh, I will come running
I'll be, on the next plane home
Whenever you need me, oh, I will be there
Count on me
Da-da-da-da
Da-da-da-da
Da-da-da-da

And when you're feeling small
I'll drive us to the coast
We'll roll the windows down
Let in ambitions fall
When you're low (When you're low)
I'll sing you Nat King Cole
You're unforgettable
Oh, you won't ever know

What it's like, without somebody
To lean on

Count on me
And I'll be there
Whenever you call me, oh, I will come running
I'll be, on the next plane home
Whenever you need me, oh, I will be there
Count on me
Da-da-da-da
Da-da-da-da
Da-da-da-da
Count on me
Da-da-da-da
Da-da-da-da
Da-da-da-da

Count on me
And I'll be there
I know it gets hard, and it's breaking your heart
I'll be, at your front door
Whenever you need me, oh, I will be there

Count on me
And I'll be there
Whenever you call me, oh, I will come running
I'll be (I'll be), on the next plane home
Whenever you need me, oh, I will be there

Count on me
Da-da-da-da
Da-da-da-da
Da-da-da-da
Count on me
Ooh, ooh

"Ooh, da-da-da-da"
