

# Fun While It Lasted

Ashe

So I'm driving alone  
Crying all the way home empty-handed  
Was a hell of a show  
I should laugh but the joke never landed

The wind in my hair  
For a second there  
I almost believed in love

It was fun  
It was fun  
It was fun  
While it lasted  
While it lasted

It's an empty glass  
It's a stone-cold shot in the darkness  
'Nother story you've heard  
'Nother girl walks into a bar

When I caught your stare  
For a second there  
I almost believed in love

It was fun (It was fun)  
It was fun (It was fun)  
It was fun  
While it lasted  
While it lasted

It was fun for a while  
We had so many dreams  
Love is so out of style  
What the hell did we think?  
Oh, I almost believed in love  
It was fun (It was fun)  
It was fun (It was fun)  
It was fun  
While it lasted  
While it lasted
