

Hope You're Not Happy

Ashe

Looks like you've been doing well
Looks like you've found someone else
How's your family? How ya been?
I'm doing good I guess

Looks like God is on your side
Looks like I've been off your mind
I'll give you one more pretty smile
And wish you all the best

But the truth is
I hope you're not happy without me
I hope that it's hard to get out of bed
I hope you get angry about me
I hope you're not happy ever again

Ever, ever, ever, ever
Ever again
Ever, ever, ever, ever

I still think of sunny days
Lightning flashes on my face
Rain reminds me you were mine
Not so long ago

I want you to know

That the truth is
I hope you're not happy without me
I hope that it's hard to get out of bed
I hope you get angry about me
I hope you're not happy ever again

Ever, ever, ever, ever
Ever again
Ever, ever, ever, ever
Ever again
Ever, ever, ever, ever
Ever again
I hope you're not happy ever again
