

# I Hope You Die First

Ashe

You always beat me to the punch line and the punch bowl at the party  
Where you're first to dance and first to say goodnight  
You're faster than I've ever been and I love to see you win  
It doesn't even make me sad, 'cause I don't mind coming in last

I don't wanna die before you  
Promise I'll be right behind  
But I should be there to hold your hand  
It's already been decided  
I'll be here to say goodbye  
Honey, I want you to understand  
For better or for worse  
I really hope you die first

I'll quit smoking everyday and I'll stop flying in airplanes  
Yeah I'll get incentive, now I've got incentive, you make me want to change  
Don't you worry about me, we'll throw you a big ol' party  
And I'll light one up for you and I will see you soon

I don't wanna die before you  
Promise I'll be right behind  
But I should be there to hold your hand  
It's already been decided  
I'll be here to say goodbye  
Honey I want you to understand  
For better or for worse  
I really hope you die first

(I really hope you die...)

I don't wanna say this, but if I don't make it  
Please don't rush for me, I'll be waiting
