

Kansas

Ashe

There's only one thing I'm sure of
Loving's good 'til it ends
And you came to Kansas for romances
So soak it up while you can
As long as you belong to me (Ah, ah, ah)

Feel the darkness comin'
Take my mind off, honey
Crawl in the backseat, you can drive
Got my heartbeat racin'
There's no God we're chasin'
Try to keep your love until you die

It's only a matter of time, time, time
It's only a matter of time, time, time

Let the world rip your heart out
And stay as long as you can
You came from Texas, stopped in Jackson, paid your ransom
There's no place you ain't ran (Ooh, ah)
But, baby, you belong to me (Ah, ah, ah)

Feel the darkness comin'
Take my mind off, honey
Crawl in the backseat, you can drive
Got my heartbeat racin'
There's no God we're chasin'
Try to keep your love until you die

It's only a matter of time, time, time
It's only a matter of time, time, time

Every time I'm outta love, you give me some
Every time I'm outta love, you give me some
Every time I'm outta love, you give me some
Every time I'm outta love

Feel the darkness comin'
Take my mind off, honey
Crawl in the backseat, you can drive
Got my heartbeat racin'
There's no God we're chasin'
Try to keep your love until you die

It's only a matter of time, time, time
It's only a matter of time, time, time
It's only a matter of, you take your time
You take your time

Mm-mm, mm-mm-mm
Mm-hmm, amen
