

# Missing You

Ashe

What if the windows flew off all the buildings  
And I could not see you again  
It'd be as if the sun decided to stop shining  
And I could not breathe you in  
What if the winter takes off with the leaves  
And they don't grow back in spring  
That'd be the feeling of my heartbeat fleeting  
Cause' I know it's you I needed

We're getting caught in the static  
Our love's wreaking havoc  
It don't have to be tragic  
I still wanna have it  
There's no going back to  
The life that I knew  
After one heart, is made up from two  
I'm so in love that it's painful  
I think you're an angel  
With the face of my children  
I don't wanna miss it  
My whole life through  
I was missing you

What if the stars lost of their glitter  
And they fell down from the sky  
That'd be like finding you, choosing you  
Loving you, losing you  
After searching all my life

We're getting caught in the static  
Our love's wreaking havoc  
It don't have to be tragic  
I still wanna have it  
There's no going back to  
The life that I knew  
After one heart, is made up from two  
I'm so in love that it's painful  
I think you're an angel  
With the face of my children  
I don't wanna miss it  
My whole life through  
I was missing you

If love is incarnate  
And not just a feeling  
Then I'm staring right at it  
And not at the ceiling  
I said something stupid  
Instead of "I love you"  
I guess, I was nervous  
Of what I'm falling into  
Into you, and out my mind  
I want this before I'm out of time  
Into your arms from out of my chest  
I give you my heart and all of the rest

We're getting caught in the static

Our love's wreaking havoc  
It don't have to be tragic  
I still wanna have it  
There's no going back to  
The life that I knew  
After one heart, is made up from two  
I'm so in love that it's painful  
I think you're an angel  
With the face of my children  
I don't wanna miss it  
My whole life through  
I was missing you (I was missing you)  
My whole life through (My whole life through)  
I was missing you (I was missing you)  
My whole life through (My whole life through)  
I was missing you (I was missing you)  
My whole life through
