

San Jose

Ashe

San Jose is on fire, honey
Could you hand me the lighter?
I'm feelin' you, feelin' myself
I'm feelin' the rain
Fallin' on me in the drought
When you're sayin' my name
It's like I'm readin' your mind, honey
And I like what I find
There's nothin' that's holdin' us back
I'm fallin' tonight
I'm fallin', I'm fallin' in fast
Under the lights

(Ooh-ooh-ooh) Don't want anyone else
(Ooh-ooh-ooh) It's easy to tell
Oh, oh, just look at yourself
Oh, oh, you need me like I need you

I've been waitin' all night, honey
And you know what I like
I'm feelin' you, feelin' myself
Oh, what a shame
If we don't get to the hotel
I'll go insane
Come feel the way that my heart beats
You hear it skip when you touch me
Oh, I'm wearin' this for myself
Yeah, I'm wearin' this for myself
Baby, I'm gonna need some help (You know we're a team)

(Ooh-ooh-ooh) Don't want anyone else
(Ooh-ooh-ooh) It's easy to tell
(Woo) Oh, oh, just look at yourself
(Woo) Oh, oh, you need me like I need, you

San Jose is on fire, honey
San Jose is on fire
San Jose is on fire, honey
San Jose is on fire
