

## Do U Wanna?

Asher Angel

Lost your friends, lost my phone  
How we end up in and Uber all alone  
Nothing said I kinda froze  
It'd be cool if you wanna  
Cool, cool if you wanna  
Found the aux and sang along  
Knew every word to my favorite rap song  
Not gonna lie, I was sprung  
It'd be cool if you wanna  
Cool, cool if you wanna

Hit me all at once, ooh  
Did it hit you just as much, ooh  
Tell me baby do you wanna

Do you wanna be mine, baby, all day, all night, yeah  
Do you wanna be mine, baby, all day, all night

By the way, what your name  
I bet its sweeter than a sip of lemonade  
Picture us, ain't' it great  
It'd be cool if you wanna  
Cool, cool if you wanna yeah

Hit me all at once, ooh  
Did it hit you just as much, ooh  
Tell me baby do you wanna

Do you wanna be mine, baby, all day, all night, yeah  
Do you wanna be mine, baby, all day, all night  
(Tell me baby do you wanna)  
Do you wanna be mine, baby, all day, all night  
(Tell me baby do you wanna)  
Yeah, do you wanna be mine, baby, all day, all night  
(Tell me baby do you wanna)

Tell me baby, say that you want me the way that I want you  
Tell me baby, say that you want me the way that I want you  
Oh, tell me baby, say that you want me the way that I want you  
Oh, tell me baby, say that you want me the way that I want you  
But tell me, baby

Do you wanna be mine, baby, all day, all night, yeah  
Do you wanna be mine, baby, all day, all night  
(Tell me baby do you wanna)  
Do you wanna be mine, baby, all day, all night  
(Tell me baby do you wanna)  
Do you wanna be mine, baby, all day, all night  
(Tell me baby do you wanna)
