

# Getaway

Asher Angel

Don't need directions  
Don't need no map  
You know where I wanna go  
And we don't need permission  
No looking back  
Let's dive into the unknown

Here's your one way ticket to paradise  
Girl sit back, Relax and enjoy the ride  
I ain't leaving without you  
Get on board tonight  
And forever  
When we're together

Anything goes  
What do you say?  
I'll meet you any time or place  
Just let me know  
We could escape  
I wanna be your getaway

And don't it feel good?  
Feel good  
Feel nice  
We got it so good  
So good  
Alright  
And we gotta go  
Why should we wait?  
Girl let me be your getaway

No destination  
Out of our reach  
I'll take you all the way up  
Up  
You're my vacation  
Miami Beach  
Peaches and cream in my cup

Here's your one way ticket to paradise  
Girl sit back, relax and enjoy the ride  
I ain't leaving without you  
Get on board tonight  
Forever  
When we're together

Anything goes  
What do you say?  
I'll meet you any time or place  
Just let me know  
We could escape  
I wanna be your getaway

And don't it feel good?  
Feel good  
Feel nice  
We got it so good

So good  
Alright  
And we gotta go  
Why should we wait?  
Girl let me be your getaway
