Asher Angel

Hey everyone, is Asher Angel
I've been thinkin' a lot lately
And I really wanted to do something fun
'Cause I know lockdown has been extremely difficult but
You know, luckily we have the gift of music
And that really seems to help everything, so
Uh, I went back and was listening to a bunch of my old songs and
I don't know, I had a fun idea to maybe put out like a mixtape
of those songs and release it, so
The first song on the mixtape is a song called "No Pressure"
It's one of my favorites to perform
We actually performed the song all the time on tour
And I think my favorite memory of doing this song is this one show
I did like this crazy, like, knee slide, I don't know, something like that
I slid to the crowd and my knee ripped open and it was like the worst thing ever but awesome and yeah
That's definitely one of my favorite memories of the song and it's just a great dance party song, yeah
I love perform it to the fans
